

Calcium Silicate Board / Sheet Ceiling Board / Sheet

100% asbestos free - Green calcium silicate board / sheet.

The product is friendly to environment, 100% free of asbestos. It's an ideal material for room partition and suspension ceiling, as well as wall protection, removable floor, tabletop panel, bill board, kitchen wall etc.,

owning the following properties:

- a. Superior fireproof;
- b. Moisture resistance;
- c. High strength and good flexibility;
- d. Dimension stabilization;
- e. Thermal and acoustic insulation;
- f. Easy installation;
- g. Durable;
- h. Safe and harmless

Spec.:

Dimension	1220x2440x5 ~20 mm	1200x2400x5 ~20 mm
Technical data	Raw material	Tobermorite, Cement, Quartz sands, Fiber
	Fireproof rate	Class A incombustible material (GB-8624)
	Density	1.1~1.3g/cm ³
	Moisture content	<10%
	Thermal conductivity	≤0.3w/mk (JC/T564)
	Soundproof	45~55Db (GBJ75-84)
	Flexural strength	>13 Mpa, Test Result:>15 Mpa (GB/T7019-1997)
	Moisture swelling rate	≤0.25% (GB/T7019-1997)
	Drying shrinkage rate	<0.09% (GB/T7019-1997)
	Radiation	According with standard (GB6566-2001)
