**iPod connection**

- 1, Show all the songs list on the screen (Strong Point)
- 2, Play iPod movies on the screen directly (for 2geration or older edition) (Strong Point)

**Other Strong Points:**

**Use the best components to produce all our devices.** Taking DVD laser for example, most suppliers choose Hitachi 1200 -- for Home DVD use...

But ours is Sharp 60/61, which is special for Car DVD uses -- high temperature and shaking conditions...
