

广州靖邦电子有限公司

GUANGZHOU JINGBANG ELECTRON CO.,LTD.

◆ **Who we are?**

Founded in 2008, Guangzhou Jingbang Electron Co., Ltd is a professional leading manufacturer specialized in the research, development, production and sales of LED strips. We always focus on high quality and competitive price. Our main products : 3528SMD LED Strips,5050SMD LED Strips, etc.OEM service is welcome.

Your satisfaction is our No.1 goal.

◆ **What are they?**

JB5050Y30G12B

Main Features:

LED Flexible Strip(SMD 5050)
Silicone tube outside,water-proof
30 pcs leds in every meter
IP Class:IP64-IP68
Lifespan:50,000 hours
5M/Roll & Yellow Color

CE and RoHs Approval

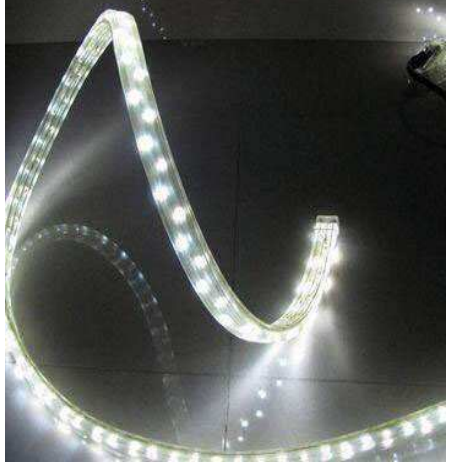

JB3528R30G12A

Main Features:

Flex LED Strip(SMD 3528)
PVC Casing outside,water-proof
30 pcs leds in every meter
IP Class:IP64-IP68
Lifespan:50,000 hours
5M/Roll & Red Color
CE and RoHS Compliant

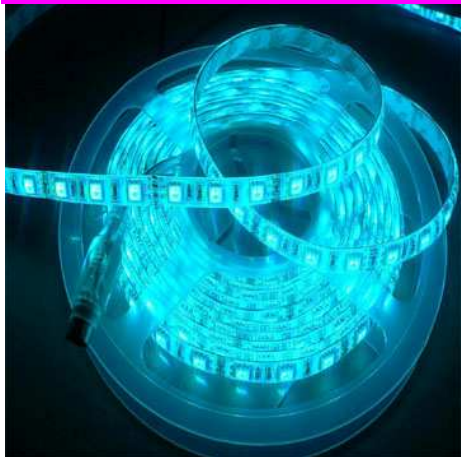

JB5050W60G12E

Main Features:

Flexible LED Strip Light(SMD 5050)
Epoxy outside ,water-proof
60 pcs leds in every meter
IP Class:IP64-IP68
Lifespan:50,000 hours
5M/Roll & White Color
CE and RoHS Approval

JB5050B60G12F

Main Features:

LED Strip Lighting(SMD 5050)
Casing and Filling Glue outside,
Water-proof
60 pcs leds in every meter
IP Class:IP67-IP68
Lifespan:50,000 hours
5M/Roll & Blue Color
CE and RoHS Approval

JB-7512X3P

Main Features:

Single color:3 pcs leds
RGB LED module:9 pieces superflux leds
50,000-hour life span
Water-proof & 150-degree beam angle
Energy saving and eco-friendly
DC12V Working voltage
Super brightness

JB-3W3232-3528

Main Features:

LED type: SMD 3528

Dimensions: 36 x 36 x 6mm

Connectors: 2-pin power connector

Led Qty: 4 pcs

DC 12V Working Voltage

Beam angle: > 120°

Two-year Warranty

JB-3W7512-3528

Main Features:

LED type: SMD 3528

Dimensions: 75 x 12mm

More than 50,000-hour life span

Beam angle: > 120°

Led Qty: 3 pcs

DC 12V Working Voltage

Two-year Warranty

Note: SMD 3030 LED Strips may include: 30, 60, 120 pcs leds in per meter
SMD 5050 LED Strips may just include: 30, 60 pcs leds in per meter
