SUYU CEO *David Wu* 吴孝光

Founded in 2003, SUYU is now a leading and reputed manufacturer of quality railway fasteners in China. With its headquarter in Shanghai, SUYU factory is located in the world famous garden city Suzhou.

We are an ISO 9001:2008 certified unit. We have a complete set of inspection equipments to strictly control the quality of each production procedure and make sure all the products reach the international standards and customers' requirements.

SUYU team is made up of high professional experts from former state railway companies. We have 5 senior engineers, 20 professional technicians and a group of highly experienced operation workers. We have our own R&D team, after-sales service team and quality-assurance team with the most advance technology and management concept.

With advanced technology, powerful processing capacity and excellent service, our products have been exported worldwide. After many times inspection by BV, SGS, ABS... our products have been well recognized by our customers. SUYU has been the authorized supplier of many world famous companies, like Vossloh, VAE, Hilti...

We can produce according to International standards like ASTM, DIN, BS, JIS, AS, NF, ISO, GB. Besides, we have our own high standard R&D department, willing to develop all kinds of non-standard products with customers' drawings or samples.

In 2010, SUYU built his first branch in Turkey. SUYU will never stop his developing. SUYU people will keep on working hard and make all their efforts to make SUYU a global-famous factory in the international railway market.

Working under the spirit of "perseverance and Pursuing Excellence", with the idea of "supplying first-class railway material to the world", SUYU would always like to be your strongest and most reliable partner. We sincerely believe we can build a bright future with your cooperation!
