Bureau Veritas Consumer Products Services division in collaboration with Global Sources has developed a new

"Supplier Capability Assessment" program which has been based on good practice principals used by international retailers and brands. The objective of validating supplier information is to provide additional confidence to buyers so that they know the information has been verified by an independent third party.

The Bureau Veritas "Supplier Capability Assessment" program is not designed to be a performance standard but rather an information validation program against an established criterion providing potential buyers with information on the establishments stated claims and capabilities. The criteria used to assess the "Supplier Capability Assessment" program consist of a questionnaire with the following categories:

- 1. Factory Overview
- 2. Legal Entity
- 3. Personnel
- 4. Export Markets
- 5. Key Clients
- 6. Product Capabilities
- 7. Production Capabilities
- 8. Management Systems & Accreditations
- 9. Quality Control Management
- 10. Development / Expansion Plans

The above reflects our findings for the particular factory in concern on the date of our service only. This report does not certify, confirm or imply: a) compliance with any government, industry or association regulations or standards, unless stated otherwise; or, b) the quality of any specific products manufactured by the factory/sellers/suppliers; or, c) the shipment of any specific products. This report does not discharge or release the factory/sellers/suppliers from their commercial, legal or contractual obligations with buyers in respect of products manufactured by the factory/sellers/suppliers. Our services, including reports and certificates, are subject to the General Conditions of Service of Bureau Veritas which have been sent to your company. They can be resent upon written request. This report cannot be partially copied. Any reader other that the party for which this report has been specifically issued is hereby informed that the General Conditions of Service of Bureau Veritas contain liability limitation provisions.
