<p>lighting</p> 	on-touching, remote control switches	HS6400-KG01 HS6400-KG02 HS6400-KG03	silver/black	1 loop light 2 loops light 3 loops light	75.39 83.17 90.79	Voltage : 100-250VAC +/-10% 50-60Hz standby power : <30mw wireless frequency : 433MHz transmitting power : <10mw sensitivity : <-105db load max : 1000w (5A) load min : 10w for a loop of lighting dimming glassboard, backup light design : patent
	on-touching, remote control switches	HS6401-KG01 HS6401-KG02 HS6401-KG03 HS6402-KG01 HS6402-KG02 HS6402-KG03	black	1 loop light 2 loops light 3 loops light 1 loop light 2 loops light 3 loops light	75.39 83.17 90.79	Voltage : 100-250 VAC +/-10% 50-60Hz standby power : <30mw wireless frequency : 433MHz transmitting power : <10mw sensitivity : <105db load max : 1000w load min : lighting adjustment loop : 10w weight : 100-110g glassboard,backup light design: patent
	on-touching, remote control switches	HS6800-KG01 HS6800-KG02 HS6800-KG03	white/black	1 loop light 2 loops light 3 loops light	75.39 83.17 90.79	Voltage : 100--250VAC +/-10% 50-60Hz standby power : <30mw wireless frequency : 433MHz transmitting power : <10mw sensitivity : <-105db load max : 1000w load min : lighting adjustment loop 10w weight ; 100-110g glassboard, back -up light design : patent

	on-touching, remote control switches	HS6100-KG01 HS6100-KG02 HS6100-KG03	white	1 loop light 2 loops light 3 loops light	52.38 60 64.76	Voltage : 100-250 VAC +/-10% 50-60Hz standby power : <30mw wireless frequency : 433MHz transmitting power : < 10mw sensitivity : <105db load max : 1000w (5A) load min : lighting adjustment loop : 10w weight : 100- 110g glassboard, back-up light
	on-touching, remote control dimmers	HS6400-TG01 HS6400-TG02	white	1 loop light 2 loops light	46.67 50.95	Voltage : 100-250VAC +/-10% 50-60Hz standby power : <30mw wireless frequency : 433MHz transmitting power : <10mw sensitivity : <-105db load max. 1000W(5A) weight : 100-110g record memory when power is off accidently
	remote plug switch	HS6800-CZ01	white/black	electronic appliances	68.57	Voltage : 100-250VAC +/-10% 50-60Hz standby power : <30mw wireless frequency : 433MHz transmitting power : <10mw sensitivity : <-105db load max. 10A weight : 100-110g
	wiring method for all kind of switches, dimmers and sockets					each model of switches, dimmers and sockets has design patent in China
