**Note:**

\*The price of water walking balls excludes blower.If order quantity up to 5pcs,we can send you a free powerful blower.

\*Shipment: By air or By sea.Sample order can be shipped by DHL,UPS.etc.

\*Custom-made is acceptable to us

\*Payment to be made by Bank Wire Transfer(T/T) or Western Union;

**Main difference between PVC and TPU material:**

1.PVC skin will be harden when temperature is low, it is not suitable for playing in cool  
TPU skin is suitable for all seasons. Can resist temperature -40degrees— 70degrees.

2.PVC skin smells unpleasant.

TPU skin is scentless,and with better transparency than PVC skin.

3.PVC skin is more heavy than TPU skin even they are in same size.
