

IlluModule™ Series

IlluTank Opto Co.,Ltd

ABS injection LED module light

Model: IlluModule I300 CW32

ABS + Aluminum PCB

Feature:

Color: Cool White
(10000~13000K)

Power: 0.72W

Lumens: 35lm @ 12000K
2769lx @ 0.12M

Wire connecting: 100mm

Dimension: 68*20*6mm

Input: DC12V

Light source: Epistar chip SMD5050

Material: ABS shell + Alu PCB

Beam angle: 120

Life span: 30000+Hrs

Waterproof: IP67

Quantity: 20pcs/string

Warranty: 2years

- ✓ ABS injection shell, waterproof IP67.
- ✓ Aluminum PCB inside, longer life.
- ✓ Epistar LED tech support, long life span with low light decay.
- ✓ Energy save 50%.
- ✓ Higher bright output.
- ✓ IlluTank new solution for A rank application.
- ✓ Suit to IlluTank DC12V voltage constant output driver.

Benefit from:

*Wire length and batch quantity custom available!

*Logo print in shell custom available for bulk order.

*The specification are update without notice, please contact IlluTank sales before order.
