## IlluTank Opto Co.,Ltd

### Super bright LED module light

Model: IlluModule I400 CW3

Super bright SMD5630 solution

Feature:

Color: Cool White  
(10000~13000K)

Power: 1.2W

Lumens: 85lm @ 12000K

Wire connecting: 100mm

Dimension: 68\*20\*6mm

Input: DC12V

Light source: Epistar chip SMD5630

Material: ABS shell + Alu PCB

Beam angle: 120

Life span: 30000+Hrs

Waterproof: IP67

Quantity: 20pcs/string

Warranty: 2years

- ✓ Super bright solution.
- ✓ ABS injection shell, Aluminum PCB inside, waterproof IP67.
- ✓ Epistar LED tech support, long life span with low light decay.
- ✓ Energy save 50%.
- ✓ IlluTank new solution for A rank application.
- ✓ Suit to IlluTank DC12V voltage constant output driver.

Benefit from:

\*Wire length and batch quantity custom available!

\*Logo print in shell custom available for bulk order.

\*The specification are update without notice, please contact IlluTank sales before order.
