

## IlluModule™ Series

## IlluTank Opto Co.,Ltd

### LED module light SMD5050

Model: IlluModule 300 CW3

Standard solution

Feature:

Color: Cool White  
(10000~13000K)

Power: 0.72W

Lumens: 31lm @ 12000K  
2463lx @ 0.12M

Wire connecting: 100mm

Dimension: 76\*15\*5mm

Input: DC12V

Light source: Epistar chip SMD5050

Material: Iron shell+ RF PCB

Beam angle: 120

Life span: 30000+Hrs

Waterproof: IP67

Quantity: 20pcs/string

Warranty: 2years

- ✓ Iron shell solution.
- ✓ Epistar LED tech support, long life span with low light decay.
- ✓ Energy save 50%.
- ✓ Double tape/ screw hole install optional.
- ✓ IlluTank standard solution since 2009.
- ✓ Suit to IlluTank DC12V voltage constant output driver.

Benefit from:

\*Wire length and batch quantity custom available!

\*Logo print in PCB/shell custom available for bulk order.

\*The specification are update without notice, please contact IlluTank sales before order.
