COMPANY PROFILE

Shenzhen L&M Electronic Technology Co., Ltd. is a professional manufacturer of high-tech electronic and digital products located in Shenzhen, China since 2004. We are major in making a wide range of **LCD Advertising Players, LCD Digital Signages**, from **7inch to 82inch** indoor and outdoor for either stand-alone or network usage as well as without glasses 3D advertising players.

We have our own design and R&D department to develop new products timely, to ensure that our products can adapt to the rapid development and changing market. We also can design as you need to produce the products according to your requirements completely; not only customized the appearance, but also the functions and softwares.

In addition to promoting our brand -- **L&M**, we also provide high quality OEM, ODM products for our customers.

With good quality management, competitive price and perfect after-sales service, our products are widely welcomed by customers from North America, South America, Western Europe, Eastern Europe, Middle-East, etc.

We are following the "make progress day by day" business philosophy, improving ourselves continually in order to provide you better and better products and services. Sincerely hope that we can build long term cooperation, win-win business relationship with you in the near future!
