3) Using the most advanced 3D spray wax machine.

By this we can transform the artwork to a wax version. It takes only 3 or 4 days by using this new technology (it takes almost a week in the traditional way)

4) Providing customization service.

Our excellent designer can fulfill your idea into a real piece of jewelry, which is unique and with great quality. (3D artwork is offered **FREE** before production)

5) Silver and gold purity can be 100% guaranteed.

All of our silver products are all made of 925sterling silver. Testing reports can be provided.
