Liaoning Alsafe Technology Co., Ltd., located in Tieling, Liaoning, China, is a professional manufacturer and supplier of high quality aluminum gas cylinders and aluminum carbon fiber composite gas cylinders. The factory is equipped with two high pressure gas cylinder production

lines with annual ability of 200,000 cylinders.

Along with manufacturing and selling B1 and B3 grade gas cylinders, we also supply quality gas cylinder related products, provide new products & process development, and technology consultation service.

We strictly implement Laws and Principles of Bureau of Safety Supervision of Special Equipment of General Administration of Quality Supervision, Inspection and Quarantine of China, and we have established cylinder design & manufacturing quality management system according with TSG and ISO 9001, to ensure every cylinder is safe and with good quality. We also provide cylinders
