LingKe Ultrasonic Intelligence Welder

LK2022ZH/LK1522ZH

Feature:

Specification :

Frequency: 20kHz/15kHz

Power: 1500W/2000W/2600W (20kHz)

Power: 2200W/2600W/3200W (15kHz)

Voltage: 220V/50Hz/10A

Drive type cylinder: 63mm

Max force: 3000N at 6bar compressed air

Weight: 96kg

Throat depth: 250mm

Height adjustment: 300mm

Size(mm): 650*290*1400 (generator:560*420*160)

- 1.As same as the common features
- 2.Practical and Classic design
- 3.Imported accessories adopted
- 4.Specially use for promotion project

Ultrasonic Intelligence Welder

Feature :

- >Dove-tail main column, no deflection during stroke movement
- >Welding, staking, fear of falling, insertion of metal pieces.
- >Horizontal plate have four equilibrium point, easy to adjust the mould.
- >Current overload protection, with the automated system,fast delivery.
- >The application in foreign investment enterprise.
- >Pattern welding: riveting, spot welding, dot welding, etc.
- >Two-hand start with EMERGENCY STOP at front
- >Multi-head models and floor-type optional
