

## *Introduction Letter*

### **INTRODUCTION:**

Established in 2006, QH Plus Corporation has only 09 years old but we are proud of being one of the most dynamic and trustworthy companies specializing in steel, construction materials, construction accessories and construction-related services.

All our production processes are established in accordance with the International Standard System (ISO 9001:2008). In the beginning, we produced the building accessories to export to the Japanese market only. Nowadays, we have been continuously expanding our market to other countries in Asia and Worldwide.
