

Parts of machine Mainly Body

Seals	Hallite (England)
Cylinder	China
Motor	China
Pump	China
Steel	Bao Steel
Hydraulic Part	Japan brand in China
Electrical components	DELIXI (Germany brand in China)
Tubing /pipe	China

Features :

1. This machine uses the hydraulic transmission, with two cylinder operate, durable and powerful.
2. It uses the button common control which may realize the many kinds of work way.
3. The machine working pressure traveling schedule scope can be adjusted according to the material bale size.
4. Special feed opening and automatic output package of equipment.
5. The operation is simple. the feed opening install the interlocking device which will be safe and reliable.
6. The Pressure force and packing size may design according to customers requirement.

Model	NK1070T40
Hydraulic power	40Ton
Packaging size (L*W*H)	1100*700*500-900 mm
Feed opening size (L*H)	1100*500mm
Chamber Size (L*W*H)	1100*700*1450 mm
Capability	6-12bale/hour
Voltage (can be customized)	380V/50HZ
Power	5.5KW/7.5HP
Machine size (L*W*H)	1600*1100*3150mm
Weight	1800Kg
