

## Parts of machine Mainly Body

|                       |                                 |
|-----------------------|---------------------------------|
| Seals                 | Hallite (England )              |
| Cylinder              | China                           |
| Motor                 | China                           |
| Pump                  | China                           |
| Steel                 | Bao Steel                       |
| Hydraulic Part        | Japan brand in China            |
| Electrical components | DELIXI (Germany brand in China) |
| Tubing /pipe          | China                           |

## Usage

Specially designed for recycling waste cardboards, cartons and newspaper etc

## Features

- Automatic chain bale ejector for quickly and easily ejecting the bales out from the machine
- Wide feed opening door lifts upwards automatically when the platen goes up
- The ram will stop running downwards when the feeding gate is opened which ensure the safety of the operation
- Equipped with independent emergency stop for safe operation

| Model                | NK20A               | NK30A               |
|----------------------|---------------------|---------------------|
| Pressure             | 20Ton               | 30Ton               |
| Bale size (L*W*H)    | 1000*700*400-800 mm | 1100*700*450-900 mm |
| Feeding size (L*H)   | 1000*500mm          | 1100*500mm          |
| Capacity             | 6-8bales/hour       | 5-7bales/hour       |
| Bale weight          | 90-160Kg            | 120-200Kg           |
| Voltage              | 200-480V/50HZ       | 200-480V/50HZ       |
| Power                | 4KW/5.5HP           | 5.5KW/7.5HP         |
| Machine size (L*W*H) | 1500*950*2850mm     | 1600*950*3050mm     |
| Machine weight       | 850Kg               | 1340Kg              |

| Model                | NK40A               | NK50A               |
|----------------------|---------------------|---------------------|
| Pressure             | 40Ton               | 50Ton               |
| Bale size (L*W*H)    | 1100*750*450-900 mm | 1100*750*450-900 mm |
| Feeding size (L*H)   | 1100*500m m         | 1100*500mm          |
| Capacity             | 5-7bales/hour       | 4-6bales/hour       |
| Bale weight          | 200-250Kg           | 250-350Kg           |
| Voltage              | 200-480V/50HZ       | 200-480V/50HZ       |
| Power                | 5.5KW/7.5HP         | 7.5KW/10HP          |
| Machine size (L*W*H) | 1650*1050*3100mm    | 1750*1050*3100mm    |
| Machine weight       | 1500Kg              | 1700Kg              |
