

D40+/D60+/D80+/D100+

Function:

Distance/Area/ Volume Measurement

Indirect Measurement Using Pythagoras

Min/max measurement

Continuous Measurements-

Data Addition/Subtractor

Memory: 10 Results

Display Illumination

Switch off laser beam without operation: Within 30 seconds

Switch off Instruments with inactivity: Within 3 Mins

Technical Data

Measuring Range: 0.05 ~ 40 m/60m/80m/100m

Measuring Accuracy: ± 2 mm

Laser Type: 635nm, <1 mw, class 2

Measuring Frequency: 0.3 s

Smart Signal Compensation:-

Protection class: IP54 - dust and splash water protected

Operating Temperature: 0°C ~ 40°C

Storage Temperature: -20°C ~ 70°C

Batteries: AAA, 2x1.5V, Up to 5000 measurements

Dimensions: 110*43*23 mm

Weight without batteries: Approx. 70 g

Package:

Instrument	1
Hand strap	1
Operation instruction	1
Protection package	1
Warranty card	1
Battery	2

Color box dimension:128*60*175mm

Carton dimension:370*320*405mm, 30pcs/ctn
