

Hot Electronics Co., Ltd

Trustworthy Quality From The East

*My friend, welcome to Hot Electronics. It's Our honor to
prepare the quotation for you!*

-----HOT ELECTRONICS CO.,LTD

High-speed chip Mounting machine

Lead-free nitrogen wave soldering machine

Lead-free reflow machine

Plug-in production line

Unit modules aging furnace

Auto-crystal machine

Automatic irrigation plastic machine

Assembly and manufacture line

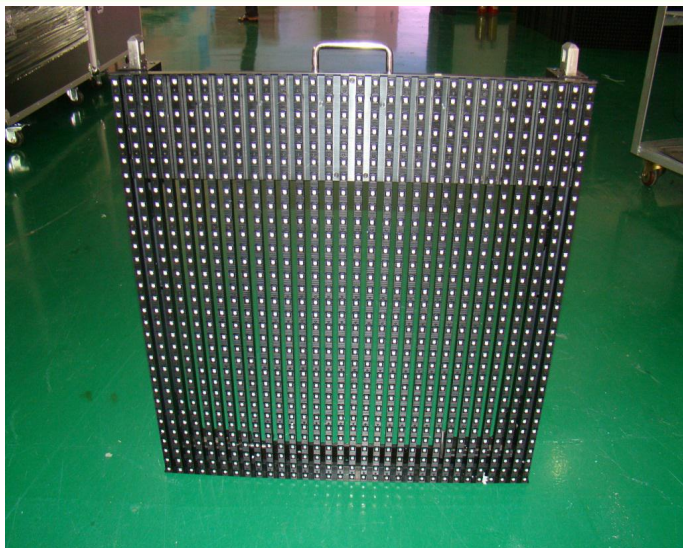

Technical Parameter

Pixel Pitch(mm)	16	Drive Type	1/8
Pixel Configuration	SMD 3in1	Color Processing	16.7
Pixel Density (pixels/m²)	3906	Refresh Rate	2000HZ
Cabinet Dimention	1024mm* 1024 mm*60mm	Data Transmission	CAT 5/ Optic Fiber
Cabinet Resolution	64*64	Image Source	S-Video,PAL/NTSC
Format	VideoCompatibilityDVI, VGA,omposite	Control System	Nova/Linsn
Viewing Angle(H/V)	110/110	Lifetime	100000Hrs
Viewing Distance(m)	16	MTBF	5000Hrs
Brightness	≥6000 cd/m ²	IP Rate	IP65
Aver PowerConsumption	500 w/m ²	Working Voltage	220V/110V
Max Power Comsuption	800 w/m ²	Working Temperature	-20°C-65°C
Working Humidity	10%-90%	cabinet weight	35kg/sqm

Quotation

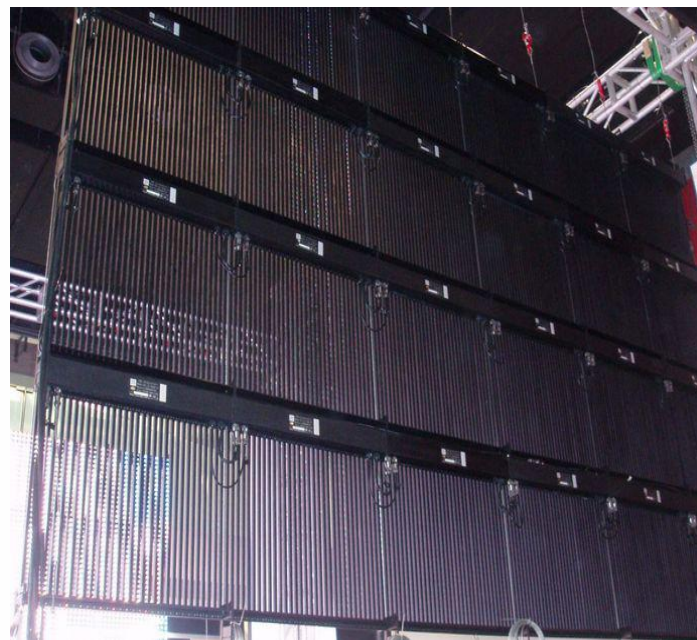

No.	Item	Qty.	Unit of measure	unit price	Sub total (USD)	Remark
1	outdoor P16 Mesh led display		sqm
